Information, games and awareness of the importance of the oceans

CONFERENCE ON LA FRESQUE DE LA PLONGÉE - Plongée Bleue

New

Friday, January 10, 2025, 11 a.m. to 12 p.m. - Salle Europe

Following a moment of sharing around the Fresque de Climat, the team at Plongée Bleue, an eco-responsible center since its creation in Banyuls sur mer in 2011, set itself the goal of creating the Fresque de la Plongée. This fresco is an active and collaborative educational game, aimed at divers of all ages, to raise awareness of the different impacts of diving on the marine environment

MASTERCLASS LA FRESQUE OCÉANE

Friday, January 10, 2025, from 3 to 4 p.m. - Salle Europe

The Masterclass "La Fresque Océane" is a participatory conference designed to help you better understand the systemic issues involved in preserving the Ocean. You'll discover the contributions of the Ocean and its marine biodiversity, but you'll also delve into the impacts of human activities such as fishing, maritime industries, climate and pollution. Not to mention a range of solutions for better individual and collective action! You can test your knowledge live with a quiz integrated into the conference.

CONFERENCE "PROTECTING THE OCEAN: SCIENCE AND IMAGE TO PROMOTE ACTION -

Greg Lecoeur and La Fondation de la Mer

New

Saturday, January 11, 2025, 6pm to 7pm - Espace Scénique

Faced with climate change and the erosion of biodiversity, scientists sometimes find it hard to get their messages and warnings heard. How can we help them popularize their work? How can we demonstrate the importance of field work? How can we pass on our knowledge and show the beauty of marine life?

With Greg Lecoeur, photographer and founder of the We Are Méditerranée association.

Muriel Barron, director of Pôle Protection de l'Océan.

Gilles Bœuf, biologist.
