

PHOTO AND FILM COMPETITION WINNERS!

Awards ceremony for photo and film competitions -
@Salon International de la Plongée Sous Marine

Immersed, behind the lens!

Press release - January 27, 2025 - The 26th International Scuba Diving Exhibition has come to a successful close.

Once again this year, creativity and aesthetics have been on the front of the photo and film competition, open to both amateurs and professionals in every category.

Two themes stood out: **the Mediterranean Sea and half-air, half-water.**

The announcement of the results on Friday January 10, during the show, was an opportunity to congratulate these passionate divers and to reward them, **in the presence of Greg Lecoeur, naturalist photographer of the marine world and godfather of this edition.**

An honorary prize was also awarded to Sébastien Salingue to highlight all his work over the years.
