AN ENVIRONMENTALLY CONSCIOUS LIVE-ABOARD
EXPERIENCE IN THE RED SEA

Thank you

for considering M/Y Seaduction as your partner. We are honored you chose us to bring you closer to one of your most memorable experiences!

M/Y Seaduction is a live-aboard boat in the Red Sea of Egypt that offers environmentally conscious live-aboard trips. The boat has implemented several measures to reduce its environmental impact, including using solar panels for electricity, eliminating single-use plastic, producing drinking water from the sea, promoting small diving groups, and using reef-safe products.

M/Y Seaduction offers individual bookings or full charters for diving, kiting and island hopping trips across the Red Sea.
